

## Negligent Security / False Arrest Group

Our Negligent Security/False Arrest Group consists of experienced trial and appellate lawyers who have extensive experience in defending businesses and premises owners sued for negligent security following a criminal episode on their property and retailers sued for false arrest or malicious prosecution arising from loss prevention activities. Our lawyers train retail loss prevention personnel and consult with business and property owners regarding proper security measures and compliance with applicable codes and laws. These attorneys also conduct post-event investigations, retain well credentialed experts and assist clients and carriers in resolving claims and trying lawsuits throughout the state.
